# Many Dreams. Many Hands. Many Thanks.

**F**or 1300 children and adults across Western Kentucky and Southern Indiana, Wendell Foster's Campus for Developmental Disabilities represents hope, opportunity, and life. It is our mission to provide these individuals with everything they need to fulfill their dreams and reach their full potential. To some, we give a nurturing home where they are invited to live their lives with fullness and meaning. For others, we reach out by providing resources to help them succeed in the classroom or in their own homes. Many families rely on us to help their children meet pertinent goals like learning to operate a wheelchair or using a speech device for communication. But we cannot do this alone. That's why at Wendell Foster's Campus, *you* represent hope, opportunity, and life. Generous support from donors is the backbone of Wendell Foster's Campus. Your contributions are what enable us to give people with disabilities the chance to gain skills, attain resources, and enjoy the life they deserve. Donations from supporters like you have built a playground and interactive sensory park for children with

severe disabilities where they can freely play, provided therapies to children with swallowing disorders so that they can learn to eat on their own, taken adults with disabilities to the movies and out to eat at their favorite restaurants, and ensured that everyone who receives services from the Campus gets a chance to have one thing we all deserve: a full and meaningful life. On behalf of all of the children and adults you have uplifted this year with your generosity, thank you. Thank you for choosing to invest in the future of a child. Thank you for giving a voice to those who cannot speak. Thank you for believing that all people deserve to learn, to grow, and to reach their every dream.
