We Applaud AND Thank You.

We are not here to save the world.
 We are here to touch the hands
 that are within our reach.
 It's what we do.
 Your generosity
 makes it possible.

For over 64 years, Wendell Foster's focus and mission have been providing children and adults with developmental disabilities with the tools, education, therapies and support to reach their dreams and potential. Our goal is for the people we serve to become a meaningful part of the fabric of everyday community life. And that's just what we do.

As a leader in advanced therapies and assistive technology, we provide cutting-edge support to over 1,300 people in 37 counties across Western Kentucky and Southern Indiana. Our dedication and long successful history represent hope, opportunity, and life to our residents and the others who take advantage of our knowledge and skills. To some, we give a nurturing home. To others, we provide resources to help them succeed in the classroom, their homes, on any frontier they may want to try to conquer. Because of this, many families have come to rely upon WFC.

You are our partners in this endeavor. You also represent hope, opportunity, and life. Generous donor support is our anchor. You enable us to give people with disabilities the chance to enjoy the life they deserve. On behalf of everyone you've helped this year, thank you. Thank you for choosing to invest in the future of deserving individuals.
